

The A. P. & L. Weekly News Service gives a brief summary of important news affecting labor, including the latest news on the strike and the labor movement.

VOL. 13, NO. 52.

WILL TEAPOT

The expected has happened—out from nowhere comes the news that "the people are weary of Teapot Dome." When a probe gets "hot," when it strikes pay dirt, then the cry is heard, "The people are tired of this, and it stops; this hurts government."

The rogues in high places do not let us go to government until they fear exposure. The daily press quotes one well-known steel manufacturer that "Teapot Dome is hurting business."

This manufacturer, who sold defective armor plate to the government, does not explain how publicity of wrong can injure business.

The people are merely told that it does. No reason is given. They are expected to take up the cry.

LEGION ATTACKS BOWS Foe; MELLON SPLITS WAR PROFITS

Washington, March 15.—Secretary of the Treasury Mellon is the leading exponent of the "soldier's bonus," but he is now called upon to face the charge that he divided profits with a German army which supplied the German army with shells and other supplies.

The Legion bases its charges against Mellon on the ownership of the Koppers company in Pittsburgh by the Mellon interests. The Koppers company helped to supply the German army with shells and other supplies.

The Koppers company was investigated by the Graham committee. Its profits were shown to be enormous. There was testimony that at least three employees of the Koppers company were paid for rendering patriotic service to the government for profit.

"And who do you suppose was sharing profits with Andrew W. Mellon in the Koppers company?" asked the Legion.

The Koppers company was investigated by the Graham committee. Its profits were shown to be enormous. There was testimony that at least three employees of the Koppers company were paid for rendering patriotic service to the government for profit.
